ABOUT ME

Technology always was my passion and I'm fully committed to it.

My 12 years as a professional musician gave me the ability to focus and be flexible to new challenges and work in a team.

I'm openminded to learning and growing in different tasks.

SKILLS

- **Team worker and leadership:** I've worked on several projects as a coordinator and manager like ARMUS web page. I've been able to work with others efficiently even under pressure.
- **Fast learner:** Ability based on more than 10 years of pedagogical development in another area of expertise as a teacher but also as a student.
- **Discipline:** My several years as a professional musician granted me a high grade of discipline and commitment to any particular task that required responsibilities and hard work.
